Follow-up and Close

NOTE: Each question in the CHIS questionnaires (adult, child, and adolescent) has a unique, sequential question number by section that follows the administration of the survey. In addition, the variable name (in the CHIS data file) associated with a question, appears in a box beneath the question number. Please consult the CHIS 2018 Data Dictionaries for additional information on variables, the population universe answering a specific question, and data file content.
