CA Senate	40	79,000	9.6%	7.0%	12.2%	

**Medi-Cal Eligibility under ACA Health Insurance Expansion<sup>1</sup>  
by CA Senate District, Non-elderly age 0-64, CHIS 2009**

Prepared by the UCLA Center for Health Policy Research, October 2012

Notes:

<sup>1</sup> Medi-Cal Eligible is defined as the percent of non-elderly (0-64 years) who were uninsured all or part year and are eligible for health insurance coverage under Medi-Cal Expansion that will be created in 2014 as part of the Affordable Care Act (ACA).

† Estimate should be interpreted with caution because it is either unstable (coefficient of variation  $\geq 40\%$ ) or it has a wide confidence interval ( $> 20$  percentage points).

**Lower and Upper CI** denotes 95% confidence intervals for every calculated estimates. This means that the actual value lies between the lower and upper range.

**Compared to State** denotes estimates of districts that are significantly higher or lower than the overall California estimate. Blank cells denote no significant difference.

Source: 2009 California Health Interview Survey (CHIS). Boundaries for legislative districts were approximated using 2010 Census tracts.
