THE CALIFORNIA HEALTH INTERVIEW SURVEY (CHIS)

CHIS 2018 Data Release

Ninez A. Ponce, CHIS Principal Investigator, CHPR Director Todd Hughes, CHIS Director

October 24, 2019

What is CHIS?

- Nation's largest state health survey
- Most comprehensive source of health information on Californians
- Comprehensive range of health topics
 - Health Status
 - Health Conditions
 - Mental Health
 - Oral Health
 - Health Behaviors

- Access to & Use of Health Care
- Health Insurance
- Employment
- Respondent Characteristics

California Health Interview Survey (CHIS)

- California's assessment tool to meet state and local needs for populationbased health data
 - Policy analysis, development and advocacy
 - Service and program planning
 - Research

 CHIS is a collaborative project, funded by federal and state health agencies, California and national foundations, and others

(See healthpolicy.ucla.edu/chis/about/Pages/funds.aspx)

CHIS Main Objectives

Provide Health and Health-Related Estimates:

1. at local-level for counties, cities with health departments, and statewide

2. for California's major racial/ethnic groups and (if possible) some smaller ethnic groups

3. disseminate to wide audiences

CHIS Survey

Computer-Assisted Telephone Interview (CATI)

CHIS interviews

- An adult (age 18+) in the household, adolescent (age 12-17) if present, and child (age 0-11) if present
- CHIS conducted in multiple languages
 - English, Spanish, Chinese in both Cantonese and Mandarin dialects, Korean, Vietnamese, and Tagalog
 - Translations available on CHIS website

(http://healthpolicy.ucla.edu/chis/design/Pages/Questionnaires%20(Translated).aspx)

2018 Data Collection Results

CHIS 2018 RACIAL/ETHNIC GROUP SAMPLES BY AGE

	ADULT (Age 18+)	ADOLESCENT (Ages 12-17)	CHILD (Ages 0-11)
Total Sample Size	21,177	432	1,586
RACE*			
White	15,009	275	992
Asian	1,914	40	131
Native Hawaiian/Pacific Islander	107	6	7
African American	1,254	21	96
American Indian/Alaska Native	752	22	67
Other single race	1,295	22	102
Two or More Races	846	46	191
LATINO ETHNICITY			
Latino	4,709	148	647

16,468

284

939

Non-Latino

What's New in the 2018 CHIS?

NEW ADULT QUESTIONS

- Non-cigarette tobacco use
- Tobacco product and e-cigarette flavors
- Secondhand smoke exposure and rules about smoking/vaping
- Well-being scale

NEW (REINSTATED) TEEN QUESTIONS

Condition of teeth and missed school due to dental problems

Note: These items are all available in all CHIS data products including Public Use Files (PUFs)

What's New in the 2017-2018 CHIS?

California Health Interview Survey

Making California's Voices Heard on Health

10960 Wilshire Blvd. Suite 1550 Los Angeles, CA 90024 t: 310.794.0909 f: 310.794.2686

What's New and Notable in CHIS 2017-2018

This document describes new and notable design features and data collected in CHIS 2017-2018. CHIS data users should review the information below and detailed online documentation before analyzing or reporting CHIS data. For more documentation on CHIS methods, please visit <u>chis.ucla.edu/chis/design/Pages/</u> <u>methodology.aspx</u>

Data Collection Timeline CHIS 2017-2018 data were collected between June 2017 and January 2019. Approximately half of adult interviews were conducted from landline phone numbers and half from cell phone numbers.

New Vendor

As the result of a competitive bidding process, SSRS conducted the CHIS 2017-2018 data collection under contract with the UCLA Center for Health Policy Research.

New and Updated Survey Questions

Survey questions are added, removed, and modified in each two-year cycle of CHIS to meet stakeholders' needs and monitor emerging public health concerns. Questions are removed from the interview to reduce its length and save data collection costs when topics are no longer relevant for public health *Continued...*

Noteworthy Additions to CHIS 2017-2018

Selected Mental Health Indicators for Adults in California, 2016-2018

	All Adults 18+		Adults Age 18-24			
Percent of adults that	2016	2017	2018	2016	2017	2018
likely had psychological distress in the last year	8.0	10.0*	10.9	14.2	21.1*	23.0
needed help for emotional/mental or alcohol/drug problem in the last year	16.4	18.5*	21.2*	22.4	30.0*	33.2
saw any healthcare provider for emotional/mental or alcohol/drug problem in the last year	13.4	15.2	16.8	14.8	21.6*	22.0
ever seriously thought of committing suicide	9.3	11.6*	13.4*	14.1	18.6	21.4

*Statistically significant increase vs. previous year Sources: 2016 – 2018 California Health Interview Surveys

More adults are using pot and using it more often

Percent of Adults Age 18+ that Have Used Marijuana in Past 30 Days by California County, 2018

Top 10 Counties		Bottom 10 Counties
INYO	42.0	IMPERIAL 8.5
SAN BENITO	40.6	TULARE 8.6
HUMBOLDT	36.9	TEHAMA 12.5
TUOLUMNE	36.9	SANTA CLARA 12.8
CALAVERAS	34.5	SAN BERNARDINO 13.4
SANTA CRUZ	34.4	MADERA 13.9
MENDOCINO	33.1	SANTA BARBARA 13.9
YOLO	31.6	ORANGE 14.3
SAN FRANCISCO	30.2	DEL NORTE 14.3
PLUMAS	29.9	KINGS 14.8

1.2 million Californians ages 18-25 **used marijuana** in past 30 days

6% Some of their marijuana use medically recommended

22% All of their marijuana use medically recommended **72%** None of their marijuana use medically recommended

Current and Expected Quality of Life, and Financial Quality of Life for Adults in California by Age, 2018

Current and Expected Quality of Life, and Financial Quality of Life for Adults in California by Income, 2018

Current and Expected Quality of Life, and Financial Quality of Life for Adults in California by Race/Ethnicity, 2018

What are the CHIS dissemination aims?

- 1. Protect respondent confidentiality
- 2. Democratize access to data put data into the hands of those who can use it
- 3. Reach a large and diverse audience across divides of technology, skills, and resources

CHIS Dissemination

CHIS DATA

Data Access Center (DAC) Secure network that holds data and analysis, protecting confidentiality.

Public Use File (PUF)

Available as free download in SAS, SPSS, and STATA format.

AskCHIS

Health data capacity building

HealthDATA

Premiere online health data query tool. (Health Data All-Star – 2013)

AskCHIS Neighborhood Edition and AskCHIS NE en Español Granular health data beyond counties (Small Area Estimates).

Health Profiles

Reports on CHIS' most requested health topics.

Data Across Geographies

THE CALIFORNIA HEALTH INTERVIEW SURVEY (CHIS)

www.chis.ucla.edu

AskCHIS On-Demand Learning Center Fast, free tutorials on how to use AskCHIS and AskCHIS Neighborhood Edition® http://healthpolicy.ucla.edu/chis/Pages/CHISTraining.aspx

AskCHIS Neighborhood Edition Trainings:

Brief: Presented in digestible, 10-minute segments!

Simple: Designed for those who have no experience with doing a query as well as those who want to brush up on their search skills. Available 24/7: These prerecorded tutorials mean you can get the help you need when and how you need it!

AskCHIS Neighborhood Edition allows you to access hyper-local California health data, including ZIP code, legislative district, city and more!

How to build a basic

Community Profile Learn how to select a health topic and up to five hyper-local geographical locations.

How to adjust and visualize your data Learn how to adjust results, visualize your data, and more!

The tutorials cover:

- How to do a basic query
- Displaying data visually
- How to export your data in a variety of formats (Excel, email, etc.)
- Confidence intervals, pooling, statistical stability and much more!

Public Use Files (PUFs) for One or Two Years

One Year (2018) CHIS PUF

- Available for download now!
- Free!
- Available as in SAS, SPSS, and STATA format
- Record-level data to use in conducting your own analysis, with reduced detailed information and removal of sensitive questions to protect confidentiality

Two Year (2017-2018) CHIS PUF

- Available in January 2020
- Free!
- Available as in SAS, SPSS, and STATA format
- Record-level data to use in conducting your own analysis, with reduced detailed information and removal of sensitive questions to protect confidentiality
- Less aggregation of response data (such as more detailed race categories) to enable more powerful analysis!
- Requires a brief, one-page application explaining use of planned analysis and requestor's contact information
